

2025 Sewer Rates:

Section I: The following sewer rates are hereby established to be charged the residents of the City of Burden, Kansas and others using sewer services from the City of Burden:

- A) The rate for a residential household will be charged \$20.87.
- B) The rate for a commercial or industrial establishment will be charged \$27.40.
- C) The rate for all school sites shall be calculated based off their percent of water usage flow and budgeted Sewer Fund expenditures. This rate shall be reevaluated yearly. The school rate, based off 5.1 percent water usage flow, shall be \$190.00 per month.

Section II: All sewer service charges shall increase 3% annually on January 1.

(2016 Ord. #378 – effective October 1, 2016)

2025 Debt Service Fee:

15-424. SAME; DEBT SERVICE FEE. In addition to the service charges established by the City of Burden by ordinance and in particular, as an additional charge to those listed in Burden City Code 15-423, there is hereby established a debt service fee of \$10.00 per month, payable by all users required to pay the sewer service charge established under Burden City Code 15-423, and it shall be billed in the same fashion as the other sewer service charges established by the City. This debt service fee directly relates to the construction of a new wetland lagoon cell, cleaning and re-piping of ponds 1, 2, and 3, and installation of a new primary lift station.
